

Mortgage Express CEO Andrew L'Almont with National Insurance Development Manager Craig Jones.

INTRODUCING INSURANCE EXPRESS

Helping people to plan the outcomes for unplanned events is the aim of Insurance Express, the recently formed insurance brokerage arm of Mortgage Express.

Established late last year, Insurance Express has a network of insurance advisors around the country that can provide expert assistance with a wide range of property and personal cover to you, your family and friends along with your clients and contacts.

Mortgage Express CEO Andrew L'Almont explains Insurance Express advisors offer independent advice and, as the company has relationships with a number of leading insurance providers, they can provide clients with access to a choice of competitive products.

“Our trained and professional advisors focus is on offering informed and independent advice and helping to ensure their clients get the most appropriate insurance cover, whether that’s just house insurance or a more comprehensive package including contents, cars and income protection for example arranged through one or more suppliers.”

Steadily growing, Insurance Express already has six full-time, trained insurance advisors in New Zealand and 14 mortgage brokers who also write insurance.

Insurance Express can assist with:

- Home and contents insurance;
- Vehicle insurance;
- Life insurance;
- Mortgage Protection insurance;
- Income Protection insurance;
- Trauma Protection insurance;
- Medical insurance;
- Commercial insurance and landlord cover.

Andrew says adding an insurance arm to Mortgage Express was a logical step.

“In addition to assisting people to buy, sell, manage and finance property, the Harcourts group can now support people to insure what is probably their most valuable asset and help

them sort out a wide range of related and other insurance cover as well.”

For more information or to contact your nearest Insurance Express broker see the Insurance Express section of the Mortgage Express website (www.mortgage-express.co.nz) or phone 0800 226 226.
